## ★ CLASS DESCRIPTIONS ★

1. **Hot Pursuit** – A fast-paced chase game! One rider is “it” and must tag another horse and rider. Once tagged, roles switch. Last rider caught wins.
2. **Speedball Race** – Riders race to pick up a ball from a barrel, carry it across the arena, and drop it into another barrel. Fastest clean run wins.
3. **Carrying the Mail** – Pick up an “envelope” (usually a flag or object) from one barrel and deliver it to another. Accuracy and speed both count.
4. **Apple Pole Bending Race** – A twist on pole bending—ride the pattern, grab an “apple” (or object), and return through the poles. Fastest time wins.
5. **Barrel Scurry** – A quick cloverleaf barrel pattern. Run tight turns and fast lines—just like traditional barrels.
6. **Balloon Barrels** – Same as barrel racing, but pop a balloon (or grab one) during the run. Miss it and you're out!
7. **Catalog Race** – Ride to a barrel, grab a catalog or paper item, and return to the start. Speed + keeping control of the item is key.
8. **Pickup Race** – Race to pick up an item from the ground or barrel and bring it back across the finish line. Clean pickup required.
9. **Clothes Race** – Stop at a barrel and put on silly clothing (hat, shirt, etc.) before finishing. Fastest time after fully dressing wins.
10. **Diaper Derby** – A crowd favorite! Ride to a barrel and correctly put a diaper on a dummy (or object), then race back. Judged on speed and completion.
